It is amazing to think that God made the earth, the universe and all of us. Yet, even though there are millions of people in the world, God knows each one of us. You probably feel very small compared to the great size of God's creation, but we are all very special to Him.

He made you and He loves you. Why don't you say, "Thank you," to Him in a prayer?

The Bible says God made the earth in six days.

Write out the end of verse 10 to show what God's response to His work was.
